## **NOBLE IS PROUD TO SPONSOR THE ABILITYONE® PROGRAM**

Noble supports the missions of our government customers by keeping parts, materials, and equipment flowing to keep their projects on track. We don't just push supplies out the door; we create end-to-end procurement, transportation, delivery, and sustainment infrastructures controlled through advanced software and systems.

### **ABILITYONE PRODUCTS ARE AN IMPORTANT COMPONENT OF OUR GLOBAL SUPPLY CHAIN**

We carry over one million items from over 11,000 of the most recognized brands in the MRO and construction industry, including hundreds of AbilityOne products. As an authorized commercial distributor, we make AbilityOne products available to our customers through our contract pipeline. Noble leverages this impactful federal government program to meet customers' needs with a selection of AbilityOne offerings in a variety of product categories.

### **WE DELIVER ABILITYONE PRODUCTS TO GOVERNMENT CUSTOMERS ACROSS THE GLOBE**

From one package to a full cargo plane, Noble quickly and dependably moves supplies to remote locations using our network of warehousing facilities and proven carrier partners. Noble maintains an extensive global network of operation centers and distribution centers in addition to 29 military storefronts. We are well-positioned to offer global distribution of AbilityOne products.

*Our customers, suppliers, and employees appreciate the richness of being part of a community that embraces diversity of experience and perspective.*

## SUPPLY SOLUTIONS TAILORED TO THE U.S. MILITARY & GOVERNMENT

### NOBLE'S GOVERNMENT CONTRACT VEHICLE PORTFOLIO

Noble offers numerous contract vehicles that allow procurement of AbilityOne products. We also provide the logistics support necessary to deliver them when and where they are required. Our MRO Prime Vendor contracts enable us to supply the U.S. Department of Defense at locations across the globe to meet mission requirements. Our OCONUS GSA operation provides distribution of AbilityOne products to GSA customers throughout Europe. GSA Schedule contracts and blanket purchasing agreements give us the authority to supply federal agencies with goods produced under the program. AbilityOne products are available to our state and local customers through Noble's NASPO ValuePoint Program.

### NOBLE.COM E-COMMERCE

Noble maintains e-commerce purchasing options for customers on Noble.com. Noble.com offers a convenient way to purchase the AbilityOne products our customers need to support their missions. Our e-commerce shop provides enhanced search functionality with the ability to view the AbilityOne products available on each contract and filter them by category.

### WHEN DISASTER STRIKES, SO DO WE.

Disaster relief is one of Noble's most substantial core competencies; we are prepared 24 hours per day to provide critical support in this area. Noble is a U.S. Government go-to supplier for emergency supplies and building materials. We can provide swift and sustained access to the equipment, supplies, and materials necessary for emergency planning, response, and recovery.

### INVENTORY MANAGEMENT

With a global network of storefronts and warehouses, Noble manages complex inventories, providing quick access to the materials necessary for immediate responses to natural disasters, as well as the ability to expedite regular shipments of tools and operational supplies. Our automated processes include barcoding and scanning, end-to-end inventory planning and replenishment, with total asset visibility from order to delivery.

### MISSION-CRITICAL SUPPLY SOLUTIONS

With a diversity of suppliers, a proven global network of operations, and mission-tested support, Noble is a complete supply and logistics solution for the U.S. Government. AbilityOne is a crucial supplier partner. AbilityOne products enhance our catalog and provide critical supply solutions for our nation's defense and civilian government at home and around the world.
