ENSURING OUR WARFIGHTERS GET WHAT THEY NEED, WHEN THEY NEED IT.

Noble delivers what you need when you need it. Our mission is to be the technology driven, global supply chain provider that DoD and government customers rely on for innovative solutions. Noble goes beyond the call of duty to provide supply chain, logistics, mission support, and technology solutions for the U.S. military, federal, state, and local government.

Committed to quick and efficient responses with the right products and services, we offer numerous contract vehicles, easy and transparent purchasing, procurement system integration, and a dedicated team that helps our customers get their jobs done.

Noble's Supply Chain
Through our nationwide distribution network, we stock over 1,000,000 items that include over 11,000 of the most recognized brands in the world. Our team of experienced supply chain managers has been building our supply chain for over 35 years. All materials provided are TAA and Berry Amendment compliant.

Expeditionary Logistics Support
Noble's Combat Logistics Support Programs provide a full range of MRO materials under MRO Prime Vendor contracts between Noble and the DLA. Noble maintains an extensive global network of warehouses and distribution centers in addition to 29 military storefront operations and is well-positioned to offer distribution in worldwide regions of military operations.
SUPPLY SOLUTIONS TAILORED TO OUR WARFIGHTERS

VALUE-ADDED SERVICES
Noble is more than just a storefront on your base. We're more than a supplier of hundreds of thousands of brand name products. And we are more than a logistics partner. Noble also provides customized logistics solutions to meet the unique needs of the warfighter. You can turn to us knowing you can rely on product expertise, compliance with all the materials requirements and processes of the military, fast shipping, order tracking, and complete visibility.

WHEN DISASTER STRIKES, SO DO WE.
Noble delivers supplies where you need them, when you need them. Disaster relief is one of Noble's strongest core competencies; we are prepared 24 hours per day to provide critical support in this area. Noble is recognized as a U.S. Government go-to supplier for emergency supplies and building materials.

KITTING AND OUTFITTING
From tools for airplane maintenance to emergency supplies for FEMA, Noble is available to build customized kits, making your repetitive tasks more efficient.

INVENTORY MANAGEMENT
With a global network of storefronts and warehouses, Noble manages complex inventories to meet DoD requirements, providing instant access to the materials necessary for immediate responses to natural disasters, as well as the ability to expedite regular shipments of tools and operational supplies. Our automated processes include barcoding and scanning, end-to-end inventory planning, and replenishment, with total asset visibility from order to delivery.

E-COMMERCE SOLUTIONS
Our information technology experts are experienced in custom system integrations that make purchasing an efficient, seamless process for DoD customers while ensuring built-in compliance and security.

ALPHA, Noble's proprietary cloud-based software, streamlines the purchasing process and provides real-time access to inventory availability, order status, and transit visibility. Whether at home or in theater, you can log in to order products, track purchases, and receive customer support. With a proven global network of operations, a team of experienced logisticians and mission-tested support, Noble is your complete logistics solution.

ALPHA ORDERING SYSTEM, DESIGNED FOR THE DOD
Noble's exclusive ALPHA ordering system makes mission supply easier. Registration is quick and easy at noble.com. Once registered, you will get access to our huge catalog of mission supply items and will be able to submit RFQs and check order status and history. Our system offers total order visibility with real-time MIPR/budget accounting and audit-ready reporting.

DLA TLS PRIME VENDOR PROGRAM
Noble offers preferred pricing and tailored logistics support services under the MRO Prime Vendor program. The program provides:
- Supply chain management
- A single point to consolidate fulfillment of requirements
- 24/7 support
- Custom system integration to support defense ordering requirements
- An infrastructure of base operations and warehouses to maintain supply and facilitate delivery
- Contingency capabilities to cover national emergencies, natural disasters, relief efforts, troop deployments, and additional operations associated with military public works and civil engineering exercises
