SUPPLY SOLUTIONS TAILORED TO STATE AND LOCAL GOVERNMENT

E-COMMERCE SOLUTIONS

Noble.com offers a convenient way to supply the products you need to support state agencies and departments that utilize NASPO ValuePoint. Our NASPO ValuePoint State and Local shopping portal can be accessed from Noble.com after sign-in. It provides enhanced search functionality with the ability to view products, see discounted pricing for your state, and filter by category and brand.

NOBLE/NASPO VALUEPOINT ORDERING SYSTEM

Noble.com makes ordering supplies easier. Registration is quick and easy. Once registered, you can view the items in our vast catalog and submit RFQs, place orders, and track order status. Additional features of our system are total order visibility and audit-ready reporting.

VALUE-ADDED SERVICES

Noble is more than just a supplier. We're more than an e-commerce company with millions of brand name products. Also, we are more than a logistics partner. Noble provides customized logistics solutions to meet your unique needs. You can turn to us knowing you can rely on product expertise, compliance with all the materials requirements and processes of your state, fast shipping, order tracking, and complete visibility.

WHEN DISASTER STRIKES, SO DO WE.

Disaster relief is one of Noble's strongest core competencies; we are prepared 24 hours per day to provide critical support in this area. Noble is recognized as a go-to supplier for emergency supplies and building materials, providing swift and sustained access to the equipment, supplies, and materials necessary for emergency planning, response, and recovery.

KITTING AND OUTFITTING

From tools for HVAC maintenance to supplies for winter storm preparedness, Noble is available to build customized kits, making your repetitive tasks more efficient.

INVENTORY MANAGEMENT

With a national network of storefronts and warehouses, Noble manages complex inventories to meet your requirements, providing instant access to the materials necessary for immediate responses to natural disasters, as well as the ability to expedite regular shipments of tools and operational supplies. Our automated processes include barcoding and scanning, end-to-end inventory planning, and replenishment, with total asset visibility from order to delivery.
