

CRITICAL MISSION SUPPORT

24/7/365 SUPPLY & LOGISTICS SUPPORT

Our purpose is to ensure that those who serve our Nation have all the supplies, gear, and equipment they need to complete their missions. The Special Operational Equipment (SOE) TLS Program provides total logistics support to our global customers. We offer an easy, rapid, and responsive procurement option for critical mission requirements, equipment, and incidental services within the scope of the contract. This support is available to all Department of Defense and Federal Program Agencies worldwide.

SUPPORT FOR YOUR SUPPLY CHAIN REQUIREMENTS

We offer an extensive supply chain that provides customers with access to a wide range of products, technologies, and services under the DLA SOE TLS Program. Our established relationships with thousands of equipment manufacturers ensure streamlined communication, best pricing, and timely delivery.

Our supply chain support services include:

- Requirement development and mission-based subject matter expertise
- Manufacturer and product determination
- Documentation, contracting, and procurement assistance
- Successful follow-through on all requirement deliverables

TAILORED LOGISTICS SUPPORT

To ensure products arrive when you need them, we manage a global logistics infrastructure of operations centers, military storefronts, warehouses, and distribution centers. We also offer contingency capabilities to cover troop deployments, hurricanes, floods, wildfires, and other disaster response and recovery operations. Our dedicated support team is available 24/7 to guide you through the ordering process.

SUPPORTING SPECIALIZED EQUIPMENT NEEDS

- AEROSPACE
- C5ISR
- EOD
- EXPEDITIONARY
- FIRE & EMERGENCY SERVICES
- MEDICAL
- MARITIME
- TACTICAL
